SPEECH 4 KIDZ

This time of year can be hectic but we have a few tips to help these first few weeks go smoothly!

WRITE DOWN YOUR SCHEDULE

A visual schedule shows kids what is coming next which can help with transitions and avoiding meltdowns. Ask your child to tell you what special they have each day and let them help plan. Use pictures for little ones.

START TALKING

Long days away from home can give your child a lot to talk about! Ask them detailed questions to get them talking about their day. Dinnertime is perfect for focused conversation. Get involved and ask about new friends & activities.

PLAY!

Play is the best way to connect with your child. Use playtime to release built up energy and be sure to keep them engaged through casual chatting.
